ORMApiogg EVENT

EV3	Ø mm	75	75	82	82	82	82	90	90
	mt	300	350	200	220	250	300	220	240

The **ORMApiogg Event EV3** is the better choice for precise and effective irrigation while minimising waste. Designed for high performance and long life, it ensures low running and maintenance costs, guaranteeing maximum performance over time. Thanks to its versatility and ease of use, it is the benchmark for farmers looking for reliability and innovation in every season.

With ORMApiogg EV3, irrigation becomes smarter and more convenient.

Royal (OP 75-82 mm)

Reflex (OP 90-100-110 mm)

OP0014

code	STANDARD EQUIPMENT
EV3	<ul style="list-style-type: none"> - lower frame with adjustable in height and removable drawbar attachment - front mechanical support leg and two lateral stabilizing feet - for "ZM" version: mechanical lifting of sprinkler trolley and telescopic mechanical stabilizing brackets - for "ZI" version: hydraulic lifting of sprinkler trolley and telescopic stabilizing brackets through manual hydraulic pump - powder-coated sheet metal side protections for the reel - galvanized frame and painted reel - 360° reel rotation - high-efficiency turbine unit, operating even at low pressure - flanged turbine on the gearbox with external bypass, speed regulator, and compensator - four-speeds gearbox with automatic disengagement - PTO on the gearbox for quick rewinding - automatic disengagement for out of shape polyethylene pipe retrieval - automatic brake - hose guide with winding screw - high-resistance polyethylene pipe with differentiated thickness from 90 mm and upper - manual winding crank - glycerine-filled pressure gauge - digital meter counter - safety guards - galvanized sprinker trolley with 3 wheels and adjustable track width - sectorial sprinkler with 3 standard nozzle set
code	on request: mechanical components on ORMApiogg
OP0028A	inlet valve for overpressure shut-off (for pressurized water equipment)
OP0008	outlet valve for under pressure shut-off (for pumps and motor pumps with pressure switch)
OP0031	hot galvanized reel
OP0017	diesel engine for hydraulic hose rewinding (instead of turbine)
OP0018	electric starting for diesel engine
OP0068	20 lt fuel tank for diesel engine
OP0132	increase for motor pump set on ORMApiogg frame for all 2 cylinders engine
code	on request: additional accessories
OP0003	5 m flexible connection pipe with joints
OP0003F	filter for flexible connection pipe
OP0011	extension for sprinkler trolley
OP0012	under-trees trolley with adjustable jets
OP0016	two iron weights for standard trolley

IRRIGAMATIC B

IRRIGAMATIC NET

IRRIMOP
IRRIMOP ID4
IRRIMOP ID4 PLATINUM

code	on request: electronic components on ORMApiogg
	control panel without valve
OP0020	Irrigamatic B2 without valve
OP0069	Irrigamatic B without valve
OP0070	Irrigamatic NET with remote control through app MM Connecta, without valve
OP0048	Irrimop without valve
OP0049	Irrimop ID4 with remote control through app My ID4 App, without valve
OP0050	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, without valve
	control panel with inlet valve
OP0071	Irrigamatic B with inlet valve
OP0072	Irrigamatic NET with remote control through app MM Connecta, with inlet valve
OP0053	Irrimop with inlet valve
OP0054	Irrimop ID4 with remote control through My ID4 App, with inlet valve
OP0055	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, with inlet valve
	control panel with outlet valve
OP0073	Irrigamatic B with outlet valve
OP0074	Irrigamatic NET with remote control through app MM Connecta, with outlet valve
OP0058	Irrimop with outlet valve
OP0059	Irrimop ID4 with remote control through app My ID4 App, with outlet valve
OP0060	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, with outlet valve
	control panel with electric inlet valve
OP0075	Irrigamatic B with electric inlet valve
OP0076	Irrigamatic NET with remote control through app MM Connecta, with electric inlet valve
OP0063	Irrimop with electric inlet valve
OP0064	Irrimop ID4 with remote control through app My ID4 App, with electric inlet valve
OP0065	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, with electric inlet valve
OP0027	solar panel 12V
OP0022	alarm light at end PE pipe unwinding
OP0023	pressostat (included in Irrimop ID4 e Platinum)
