ORMApiogg EXCELLENCE

EC9	Ø mm	125	125	140	150
	mt	470	500	400	350

The **ORMApiogg Excellence EC9** is the perfect choice for precise and effective irrigation. Designed for high performance and long-lasting durability, it ensures low operating and maintenance costs, delivering maximum efficiency over time.

Thanks to ORMApiogg EC9 versatility and ease of use, it has become a benchmark for agriculture worldwide.

Explorer (OP 120-125-140-150 mm)

code	STANDARD EQUIPMENT
EC9	- two wheels hydraulic lifting - 360° entire structure rotation - hydraulic system with quick couplings to connect to the tractor - five-lever distributor for 360° structure rotation, right wheel movement, left wheel movement, drawbar lifting foot, stabilizing brackets and sprinkler trolley lifting - frame with adjustable in height and removable drawbar attachment - drawbar hydraulic foot - powder-coated sheet metal side protections for the reel - painted frame and reel - supplementary water inlet - high-efficiency turbine unit, operating even at low pressure - flanged turbine on the gearbox with external bypass, speed regulator, and compensator - four-speeds gearbox with automatic disengagement - PTO on the gearbox for quick rewinding - automatic disengagement for out of shape polyethylene pipe retrieval - automatic brake - hose guide with winding screw - high-resistance polyethylene pipe with differentiated thickness - manual winding crank - glycerine-filled pressure gauge - digital meter counter - safety guards - galvanized sprinler trolley with 2 wheels and adjustable track width - sectorial sprinkler with 3 standard nozzle set

code	on request: mechanical components on ORMApiogg
OP0028B	inlet valve for overpressure shut-off (for pressurized water equipment)
OP0008B	outlet valve for under pressure shut-off (for pumps and motor pumps with pressure switch)
OP0006A	compressor for hose emptying with PTO shaft
OP0036	double toothed crown on the reel (recommended)
OP0032X	hot galvanized reel
OP0017A	diesel engine for hydraulic hose rewinding (instead of turbine)
OP0018	electric starting for diesel engine
OP0068	20 lt fuel thank for diesel engine
OP0133	increase for motor pump set on ORMApiogg frame for all 3 cylinders engine
OP0134	increase for motor pump set on ORMApiogg frame for all 4 cylinders engine
OP0135	increase for motor pump set on ORMApiogg frame for all 6 cylinders engine

code	on request: additional accessories
OP0007	5 m flexible connection pipe with joints
OP0007F	filter for flexible connection pipe
OP0011	extension for sprinkler trolley
OP0012	under-trees trolley with adjustable jets
OP0015	4 wheels sprinkler trolley (increase)
OP0016	two iron weights for standard trolley
OP0010	asymmetrical trolley (instead of standard trolley - increase)
OP0066	hidro ballasting tank for standard trolley

on request: additional accessories

IRRIGAMATIC B

IRRIGAMATIC NET

IRRIMOP
IRRIMOP ID4
IRRIMOP ID4 PLATINUM

code	on request: electronic components on ORMApiogg
	control panel without valve
OP0020	**Irrigamatic B2** without valve
OP0069	**Irrigamatic B** without valve
OP0070	**Irrigamatic NET** with remote control through app MM Connecta, without valve
OP0048	**Irrimop** without valve
OP0049	**Irrimop ID4** with remote control through app My ID4 App, without valve
OP0050	**Irrimop ID4 Platinum** with remote control through app My ID4 App, with irrigation data archive, without valve
	control panel with inlet valve
OP0071	**Irrigamatic B** with inlet valve
OP0072	**Irrigamatic NET** with remote control through app MM Connecta, with inlet valve
OP0053	**Irrimop** with inlet valve
OP0054	**Irrimop ID4** with remote control through My ID4 App, with inlet valve
OP0055	**Irrimop ID4 Platinum** with remote control through app My ID4 App, with irrigation data archive, with inlet valve
	control panel with outlet valve
OP0073	**Irrigamatic B** with outlet valve
OP0074	**Irrigamatic NET** with remote control through app MM Connecta, with outlet valve
OP0058	**Irrimop** with outlet valve
OP0059	**Irrimop ID4** with remote control through app My ID4 App, with outlet valve
OP0060	**Irrimop ID4 Platinum** with remote control through app My ID4 App, with irrigation data archive, with outlet valve
	control panel with electric inlet valve
OP0075	**Irrigamatic B** with electric inlet valve
OP0076	**Irrigamatic NET** with remote control through app MM Connecta, with electric inlet valve
OP0063	**Irrimop** with electric inlet valve
OP0064	**Irrimop ID4** with remote control through app My ID4 App, with electric inlet valve
OP0065	**Irrimop ID4 Platinum** with remote control through app My ID4 App, with irrigation data archive, with electric inlet valve
OP0027	solar panel 12V
OP0022	alarm light at end PE pipe unwinding
OP0023	pressostat (included in Irrimop ID4 e Platinum)
OP0067	electronic liter counter MC on ORMApiogg
