ORMApiogg EXCELLENCE

EC11	Ø mm	140	140	150
	mt	550	600	500

The **ORMApiogg Excellence EC11** is the perfect solution for efficient and sustainable irrigation. Designed for high performance and long-lasting durability, it ensures low operating and maintenance costs, providing reliability and cost-effectiveness over time.

Thanks to ORMApiogg EC11 versatility and ease of use, it has become a benchmark for agriculture worldwide.

Explorer (OP 120-125-140-150 mm)

code	STANDARD EQUIPMENT
EC11	<ul style="list-style-type: none"> - four central wheels hydraulic lifting - 360° entire structure rotation - hydraulic system with quick couplings to connect to the tractor - five-lever distributor for 360° structure rotation, right wheels movement, left wheels movement, drawbar lifting foot, stabilizing brackets and sprinkler trolley lifting - frame with adjustable in height and removable drawbar attachment - drawbar hydraulic foot - powder-coated sheet metal side protections for the reel - painted frame and reel - supplementary water inlet - compressor for hose emptying with PTO shaft - double toothed crown on the reel (recommended) - high-efficiency turbine unit, operating even at low pressure - flanged turbine on the gearbox with external bypass, speed regulator, and compensator - two-speeds gearbox with automatic disengagement - PTO on the gearbox for quick rewinding - automatic disengagement for out of shape polyethylene pipe retrieval - automatic brake - hose guide with winding screw - high-resistance polyethylene pipe with differentiated thickness - manual winding crank - glycerine-filled pressure gauge - computer Irrigamatic B2 for adjustment and control of hose rewind speed - safety guards - galvanized sprinker trolley with 2 wheels and adjustable track width - sectorial sprinkler with 3 standard nozzle set
code	on request: mechanical components on ORMApiogg
OP0028B	inlet valve for overpressure shut-off (for pressurized water equipment)
OP0008B	outlet valve for under pressure shut-off (for pumps and motor pumps with pressure switch)
OP0034X	hot galvanized reel
OP0017	diesel engine for hydraulic hose rewinding (instead of turbine)
OP0018	electric starting for diesel engine
OP0068	20 lt fuel tank for diesel engine
OP0133	increase for motor pump set on ORMApiogg frame for all 3 cylinders engine
OP0134	increase for motor pump set on ORMApiogg frame for all 4 cylinders engine
OP0135	increase for motor pump set on ORMApiogg frame for all 6 cylinders engine
code	on request: additional accessories
OP0007	5 m flexible connection pipe with joints
OP0007F	filter for flexible connection pipe
OP0011	extension for sprinkler trolley
OP0012	under-trees trolley with adjustable jets
OP0015	4 wheels sprinkler trolley (increase)
OP0016	two iron weights for standard trolley
OP0010	asymmetrical trolley (instead of standard trolley - increase)
OP0066	hidro ballasting tank for standard trolley

on request: additional accessories

IRRIGAMATIC B

IRRIGAMATIC NET

IRRIMOP
IRRIMOP ID4
IRRIMOP ID4 PLATINUM

code	on request: electronic components on ORMApiogg
	control panel without valve
OP0020	Irrigamatic B2 without valve
OP0069	Irrigamatic B without valve
OP0070	Irrigamatic NET with remote control through app MM Connecta, without valve
OP0048	Irrimop without valve
OP0049	Irrimop ID4 with remote control through app My ID4 App, without valve
OP0050	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, without valve
	control panel with inlet valve
OP0071	Irrigamatic B with inlet valve
OP0072	Irrigamatic NET with remote control through app MM Connecta, with inlet valve
OP0053	Irrimop with inlet valve
OP0054	Irrimop ID4 with remote control through My ID4 App, with inlet valve
OP0055	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, with inlet valve
	control panel with outlet valve
OP0073	Irrigamatic B with outlet valve
OP0074	Irrigamatic NET with remote control through app MM Connecta, with outlet valve
OP0058	Irrimop with outlet valve
OP0059	Irrimop ID4 with remote control through app My ID4 App, with outlet valve
OP0060	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, with outlet valve
	control panel with electric inlet valve
OP0075	Irrigamatic B with electric inlet valve
OP0076	Irrigamatic NET with remote control through app MM Connecta, with electric inlet valve
OP0063	Irrimop with electric inlet valve
OP0064	Irrimop ID4 with remote control through app My ID4 App, with electric inlet valve
OP0065	Irrimop ID4 Platinum with remote control through app My ID4 App, with irrigation data archive, with electric inlet valve
OP0027	solar panel 12V
OP0022	alarm light at end PE pipe unwinding
OP0023	pressostat (included in Irrimop ID4 e Platinum)
OP0067	electronic liter counter MC on ORMApiogg
